Dear Steve,

On behalf of the American Beauty Association Board of Directors, I would like to formally thank you for contributing to the 17th Annual Beauty Ball and Charity Gala. We proudly strive to provide the best entertainment during the Beauty Ball each year, and your troupe of outstanding entertainers was an exceptional addition to the history of this event.

We at the American Beauty Association were thrilled with your stirring renditions and touching tributes to the Rat Pack. The excitement you imparted to the attendees was clearly evident by their uncharacteristic display on the dance floor. This was the first time in seventeen years that we've had so many people dancing during the night.

Thank you so much for helping to provide us with an outstanding musical experience within our budget restrictions. Striving to provide quality entertainment on a shoestring budget is one of the many hurdles we have to overcome and still raise money for the worthwhile charities we assist. Lori Anderson was a huge help in achieving a happy medium for both our organizations.

Again, thank you for your hard work and effort, as well as your wonderful group of performers. You are a class act and we are happy to have had you perform at our event. It was truly a night to remember!

Professionally yours,

Paul Dykstra
Executive Director
American Beauty Association

To Whom It May Concern:

To say it was a delight to work Mr. Lippia and his team would be an understatement. We needed to make our 2009 AutoGlow something special. This event wasn't just our biggest fundraiser of the year, but it also kicked off the celebration of The Children's Center's 80th anniversary. After just a few emails with Mr. Lippia's staff, I knew we were in the right hands. When the event was over, my expectations were exceeded.

During the performance, I walked among my guests, and all I can say is that they were blown away. I saw the room full of smiling faces, snapping fingers and, most importantly, dancing. The praise of the performance didn't end with the last note. I heard throughout the evening how amazing the show was. One of our sponsors called the event the best of its kind in years. Everyone wanted more.

Some of the most amazing things weren't even part of the show. As part of the program, we asked for a song from 1929, the year our organization was founded, to be performed. Even though the request came less than two weeks before the show and a song from that time frame wasn't part of Mr. Lippia's normal repertoire, we were not disappointed. And, when moments before show time, we needed to make major changes to the flow of the program, no one even flinched and everything came out flawless.

The Children's Center and the children and families we serve thank Steve Lippia for helping make this event the world class success that it was.

Dear Lori:

The American Beauty Association believes the success of the Annual Beauty Ball and Charity Gala is in the music. When I heard the first note from Steve Lippia and the Opus Five Orchestra playing "Lady Is a Tramp" I knew the evening would be a success. And it was.

Thank you for bringing Steve's wonderful talent to our group. We've never seen more people on the dance floor enjoying the sounds from the "American Songbook" which Steve sings so well. One guest commented, "He sounds just like Sinatra, only better!"

It was an pleasure to be the honorary chair of this year's Ball, "American Beauty....A Work of Heart." The generosity of the salon industry was evident in the donation of \$572,050 to the American Heart Association. And to enjoy Steve singing from his heart made it a memorable experience for all of us.

Thank you with all my heart.
